About this Booklet

This booklet, together with your identification card, contains important information about your group benefits coverage. You should keep them in a safe place for future reference.

This booklet summarizes the important features of your group benefits coverage. It is prepared as information only, and does not, in itself, constitute an agreement. The exact terms and conditions of your group benefits coverage are described in the group policy held by your union. In the event of a difference of wording of the group policy, the group policy will prevail, to the extent permitted by law.

Your booklet is divided into the following sections:

- **Summary of Benefits:** Outlines the main features of each benefit. It is important to read your Summary of Benefits along with the benefit details to ensure you fully understand your benefit coverage.
- **Coverage Details:** Contains important information regarding the eligibility requirements for your group benefits coverage. This includes when your coverage begins and ends, plus other useful information to help you take advantage of the coverage available to you.
- **Rights and Responsibilities under the Policy:** Outlines your responsibilities under the group policy (such as your responsibility to notify your union upon change in status) and your rights (for example your right to privacy).
- **How to Submit a Claim and Obtain More Information:** Provides additional information on how you can submit claims and obtain more information regarding your coverage.
- **Helpful Tips:** Throughout this booklet we provide useful tips to help you better understand and get the most out of your group benefits.

Key Terms

You and Your Dependents

Throughout this booklet several key terms are used to refer to you and your Dependents:

- the terms that may refer to you are: Employee, Member and Participant;
- the terms that may refer to your Dependents are: Dependent, Spouse, Child and Participant.

Employee: A person who:

- resides in Canada;
- is a member of the union;
- works for a Participating Employer.

Member: An Employee who is eligible and approved for coverage under this policy.

Dependent: Your Spouse or Child.

Spouse: A person who:

- resides in Canada; and
- meets one of the following criteria:
 - is legally married to the Member;
 - is in a civil union with the Member as defined by the Civil Code of Quebec; or
 - has been living with the Member in a conjugal relationship for at least 1 year; however, where required by provincial legislation, this 1 year period is waived if a child is born of such relationship.

The Spouse must be designated by the Member on their application for coverage. Only one person may be covered as a Spouse at any one time.

Child: A person who:

- resides in Canada;
- is the natural or adopted child of the Member or Spouse, or the child over whom the Member or Spouse has been appointed as guardian with parental authority;
- is financially reliant on the Member or Spouse for care, maintenance and support;
- is not married or in a common law relationship; and
- meets one of the following criteria:
 - a) is under age 21;
 - b) is under age 26 and is attending an accredited educational institution, college or university on a full-time basis; or
 - c) became mentally or physically disabled while a child as defined in (a) or (b) and has been continuously disabled since that time.

A Child is considered to be mentally or physically disabled for the purposes of this definition if they are incapable of engaging in any substantially gainful activity and are financially reliant on the Member or Spouse for care, maintenance and support due to this disability. Blue Cross may require the provision of written proof of a Child's disability as often as is reasonably necessary.

Participant: The Member or one of the Member's Dependents who has been approved for coverage under this policy.

Helpful Tip

You are responsible for enrolling your Dependents under the plan when they become eligible.

In addition, you are responsible for removing them when they no longer meet the definitions outlined here.

In addition, you are responsible for keeping this information up to date by contacting your union's insurance department at 514-385-1717 ext. 399.

Helpful Tip

A Member, Spouse and Child are all Participants under the policy.

Other Important Terms

Accident: A sudden, fortuitous and unforeseeable event that:

- is violent in nature;
- arises solely from external means;
- causes bodily injury to the Participant directly and independently of all other causes; and
- is unintended by the Participant.

The resulting injury to the Participant must be certified by a physician.

Actively at Work: Employees are Actively at Work on a specified day if they report for work at their usual place of employment and are able to perform the Regular Duties of their occupation, according to their regular work schedules.

Employees who are not required to report for work on a specified day due to holidays, shift variances, vacations or weekends are still considered to be Actively at Work if they could have reported for work and performed the Regular Duties of their occupation on that day.

Helpful Tip

One of the eligibility requirements for coverage is that you be Actively at Work or have an employment relationship.

Activities of Daily Living: The following 6 activities:

- Bathing: washing oneself in a bathtub, shower or by sponge bath;
- Dressing: putting on and removing necessary clothing, braces, artificial limbs or other surgical appliances;
- Toileting: getting on and off the toilet and maintaining personal hygiene;

The Deductible amount applies once per calendar year or per prescription drug, as specified in the Summary of Benefits. However, Eligible Expenses incurred during the last 3 months of a calendar year that totally or partially met the Deductible for that year may be used to reduce the Deductible for the following calendar year.

Eligible Expenses: Charges incurred by the Participant for health care services and supplies that are:

- Medically Necessary;
- Usual, Customary and Reasonable;
- recommended or prescribed by a physician or Health Practitioner who:
 - does not normally reside in the Participant's home;
 - is not the Participant's Family Member; and
 - is not the Participant's employer or co-worker;
- rendered or dispensed by an Approved Provider who:

Helpful Tip

Important: Blue Cross will only reimburse health expenses meeting these Eligible Expenses criteria.

Key Terms

Health care services and supplies that Participants prescribe, render or dispense to themselves are not Eligible Expenses.

An Eligible Expense is considered to be incurred on the date the service or supply was received by the Participant. Reimbursement for Eligible Expenses incurred outside of Canada will be limited to the amount that would have been reimbursed if the expense had been incurred in the Participant's province of residence, unless the benefit is restricted to in Canada only.

Where more than one form of Treatment exists, Blue Cross has the right to base its payment for Eligible Expenses on the lowest cost alternative if Blue Cross, in consultation with its health care consultants, deems the alternative Treatment to be appropriate and consistent with good health management.

Experimental or Investigative: Any treatment, procedure, facility, equipment, drug or drug usage that, in the opinion of Blue Cross after consultation with its health care consultants:

- is not Medically Necessary;
- lacks sufficient published data to establish its medical effectiveness or safety for the purpose for which it is being provided or prescribed; or
- is not recognized as the standard of care in current prescribing guidelines or practice setting protocols.

Health Practitioner: A health care practitioner who is a registered member of their regulatory body (if applicable) and practices within the limits of their authority as established by law. If no occupational guild applies to a particular practitioner, the practitioner must:

- be a registered member of their association;
- provide care and treatment within the limits of their professional scope of practice; and
- be an Approved Provider.

Illness: A deterioration of health or a bodily disorder that has been diagnosed by a physician and requires regular and continuous care.

Life Event: A situation resulting from one of the following that permits a Member to change their coverage:

- marriage or common law union;
- birth or adoption of a child;
- divorce or legal separation;
- the Member's or Dependent's other coverage terminates for reasons outside of their control; or
- death of a Dependent.

Proof of health may be required if the request is received more than 31 days after the Life Event date.

Medically Necessary: A health care service or supply provided or prescribed by a physician or Health Practitioner to treat an injury or Illness that, in the opinion of Blue Cross after consultation with its health care consultants:

- has not been provided or prescribed primarily for convenience or cosmetic reasons;
- is the most appropriate, safe and cost effective Treatment for the diagnosed injury or Illness; and
- is generally medically recognized as acceptable Treatment for the diagnosed injury or Illness.

Helpful Tip

- spouse or common law partner;
- parent and parent's spouse or common law partner;

In determining benefits, Salary will be the lesser of:

- the Salary amount defined above; or

Treatment: The management and care of a Participant to improve or cure an illness, disorder or injury. This management and care must be:

- considered appropriate and approved by Blue Cross; and
- prescribed, provided or performed by a Health Practitioner or physician practicing in the field of medicine applicable to the Participant's disease, disorder or injury.

Usual, Customary and Reasonable: Charges incurred by the Participant that are:

- consistent with the amount typically charged by Health Practitioners or Approved Providers for similar services or supplies in the province in which the services or supplies are being purchased; and

What Happens When Coverage Ends?

Right to Convert to Individual Coverage

Upon termination of coverage for certain benefits, you and your Dependents have the right to convert your group benefits coverage to an individual insurance policy, provided certain criteria are met.

The benefit details will specify if this conversion right applies to a particular benefit.

When conversion is available, the following terms and conditions apply:

- You must, within 31 days of the date of termination of your group coverage:
 - submit the application form provided by Blue Cross for the purpose of conversion to individual coverage; and
 - pay the entire amount of the first month's premium of the individual policy, in accordance with the method of payment stipulated by Blue Cross;
- the individual policy will be issued without requiring proof of health;
- the premium for the individual policy is based upon the individual policy rates in effect on the date of application and the age and sex of the Participant on that date;
- the individual policy is subject to any maximum and minimum values or other additional terms and conditions that are specified in the *Right to Convert to Individual Coverage* provision of the applicable benefit.

Helpful Tip

The benefit of converting your group coverage is that you do so without having to provide proof of health.

Conversion premium rates will typically be higher than group premium rates currently paid.

Instead of converting your group coverage, you may prefer to apply for an individual plan, which will require Proof of Health.

What if I Have Coverage Elsewhere?

With the exception of the travel benefits provided under the travel benefit section of this booklet, Blue Cross will co-ordinate your group benefits coverage with other health plans when similar coverage is available. The co-ordination of benefits process helps ensure you get the most out of your coverage. It means you can receive up to, but no more than, 100% reimbursement for Eligible Expenses.

Government Health Care Coverage

Unless otherwise agreed by Blue Cross, no payment will be made for any health care services or supplies payable or available under government health care coverage or administered by government funded hospitals, agencies or providers, regardless of:

- any waiting lists; or
- whether or not you or your Dependents have applied for, or exercised your right to claim, any allowances available through any government health care coverage.

Helpful Tip

Blue Cross will help direct you to existing **government programs** whenever possible.

Blue Cross will only consider Eligible Expenses in excess of those provided under government health care coverage.

Other Health Plans

Do you take advantage of coverage under the other benefit plans available to you, such as your Spouse's? If not, you may be missing out on possible reimbursement of up to 100% of Eligible Expenses.

Blue Cross applies co-ordination of benefits according to the guidelines of the Canadian Life and Health Insurance Association Inc. (CLHIA). Here are the general rules:

Expenses for Yourself:

- You must first submit expenses incurred to this plan (where you are covered as a Member). The balance that has not been paid by this plan (if any) can then be submitted to the other plan where you are covered as a dependent (for example your Spouse's plan).
- If you are covered as a member under more than one group benefit plan, the plan that has covered you the longest pays first.

Expenses for Your Spouse:

- Your Spouse must submit any expenses incurred for themselves to their own group benefit plan (if any) first. The balance that is not paid by their plan (if any) can then be submitted to this plan.

Expenses for Your Child:

- If a Child is covered as a dependent by both you and your Spouse, you should submit their claim to the plan of the parent whose birthday comes first in the year.
- In the event of divorce or separation, the plan of the parent with whom the Child resides (the plan of the parent with custody of the Child) pays first.

Helpful Tip

Waiver of Premium

Purpose of Coverage

If a Member becomes Totally Disabled while their coverage is in force and before reaching age 65, the Member's premiums for all benefits will be waived, as specified in the Summary of Benefits.

Definition of Total Disability

For the purpose of this provision, the definition of Total Disability or Totally Disabled is that found under the *Additional Definitions* provision in the *Long Term Disability Benefit* provisions of this booklet.

The loss of a professional or occupational licence or certification does not, in itself, constitute Total Disability.

The availability of work is not considered when assessing the Member's Total Disability.

Amount of Coverage Provided

The amount of coverage subject to this *Waiver of Premium* provision is the amount of coverage in force on the beginning date of Total Disability.

Date the Waiver of Premium Begins

Premiums due will be waived beginning on the first day the Member is approved for short term disability benefits.

Date the Waiver of Premium Ends

Subject to the exceptions outlined below, the waiver of premium terminates on the earliest of the date:

- the waiver of premium period expires, if any, as specified in the Summary of Benefits;
- the Member no longer meets the definition of Total Disability;
- the Member engages in any occupation for remuneration or profit, except for a rehabilitation program pre-approved by Blue Cross;
- the Member fails to submit the required proof of Total Disability;
- the Member reaches age 65;
- the Member retires;
- the Member's employment terminates;
- coverage terminates for the class of Employees to which the Member belongs;
- the benefit or policy terminates; or
- the Member dies.

If, while a Member is Totally Disabled and benefitting from waiver of premium:

- the Member's employment terminates; or
- coverage for their class of Employees or all Employees under this policy terminates;

the waiver of premium is extended beyond the termination date outlined above in accordance with the following:

- member life benefit coverage will remain in force and continue to be eligible for waiver of premium until age 65; and
- long term disability benefit coverage will remain in force and continue to be eligible for waiver of premium as long as the Member remains in receipt of long term disability benefit payments. This waiver of premium will not extend beyond the maximum benefit period of the long term disability benefit specified in the Summary of Benefits.

Member Life Benefit

Purpose of Coverage

If the Member dies while covered by this benefit, Blue Cross will pay the Member's beneficiary the amount specified in the Summary of Benefits, subject to the conditions outlined below.

Advance Payment Due to Terminal Illness

An advance payment of the member life benefit may be paid to the Member if:

- Blue Cross is satisfied, on the basis of medical evidence provided by the Member's attending physician, that the Member is suffering from a condition that is expected to result in the Member's death within 12 months of the date of the request;
- the Member is eligible for waiver of premium; and
- the Member is under age 65.

An advanced payment amount cannot be more than 50% of the member life benefit amount in effect at the time of the request or \$50,000, whichever is less. It will be paid in one lump sum that will be deducted from the member life benefit amount. The remainder of the member life benefit will be paid to the Member's beneficiary on death of the Member.

Members are only eligible for an advance payment once per lifetime.

Payment of Claims

Beneficiary

Member life benefits will be paid to the Member's beneficiary with the exception of an advance payment due to terminal illness that will be paid directly to the Member.

UES Local 800 must receive proof of claim as soon as is reasonably possible and in no event later than 12 months following the date of death.

Short Term Disability Benefit

Purpose of Coverage

If a Member becomes Totally Disabled following an illness or accident, Blue Cross will pay the weekly amount specified in the Summary of Benefits, subject to the conditions outlined below.

Additional Definitions

The following definitions apply to this benefit, in addition to those found under the *Key Terms* provision of this booklet.

Benefit Period: The maximum number of weeks Blue Cross will pay benefits, as specified in the Summary of Benefits.

Elimination Period: The continuous period of time from the date the Member becomes Totally Disabled until the date benefits are payable. This period is specified in the Summary of Benefits.

If the benefit is registered with the Canada Employment Insurance Commission (CEIC), the Elimination Period will not exceed the duration specified under the Employment Insurance Premium Reduction Program.

Hospitalization: Admission to a hospital as an inpatient for a minimum period of 1 overnight stay. If so specified in the Summary of Benefits, hospitalization will include outpatient surgery performed in a hospital or at a private surgical clinic if this surgery is or would have been covered under government health care coverage.

Pre-Disability Salary: The Member's Salary immediately before the date of Total Disability.

Total Disability or Totally Disabled: The complete and continuous inability of a Member to perform the regular duties of their own job as a result of illness or accident. Regular duties refer to those work related activities that are essential to performing a particular job.

The Member must be under the continuous care and Treatment of a physician and must not be working, other than in a rehabilitation program pre-approved by Blue Cross.

The loss of a professional or occupational licence or certification does not, in itself, constitute Total Disability.

Payment of Benefits

When Benefit Payments Begin

Benefit payments begin on expiry of the Elimination Period. Blue Cross will pay benefits at weekly intervals for each day a Member is Totally Disabled following the expiry of the Elimination Period.

If the Elimination Period is calculated in:

- calendar days, the benefit for each day of Total Disability will be equal to 1/7 of the weekly benefit; or
- working days, the benefit for each working day of Total Disability will be equal to 1/5 of the weekly benefit.

The calculation basis of the Elimination Period is specified in the Summary of Benefits.

Calculation of the Benefit Amount

Blue Cross calculates the weekly benefit amount in accordance with the following 2-step process:

- Step 1. Blue Cross applies the Benefit Formula specified in the Summary of Benefits to obtain a weekly benefit amount (up to the benefit maximum specified in the Summary of Benefits);
- Step 2. Blue Cross subtracts from this weekly benefit amount any income amounts that are payable to the Member under any one or more of the following, provided they are acceptable reductions under the Employment Insurance Premium Reduction Program:
- any provincial automobile insurance plan in which benefits payable under Employment Insurance are not taken into account;
 - the Quebec Pension Plan or the Canada Pension Plan, except for any pension payable to the Member before the start of this benefit;
 - any income received as a result of the current or subsequent disability will be reduced as necessary to ensure the Member's total income from all sources does not exceed 100% of the Member's Pre-Disability Salary; or
 - any retirement benefits offered by the employer will be reduced as necessary to ensure the Member's total income from all sources does not exceed 100% of the Member's Pre-Disability Salary.

With respect to the subtraction of income amounts in Step 2:

- income amounts received for children are not included;
- if it appears to Blue Cross that there are income amounts to which the Member is eligible, Blue Cross may reduce benefits by these amounts. Blue Cross may estimate income amounts if the Member fails to apply for or exercise their right to such amounts; and
- Blue Cross will calculate each reduction without taking into account any subsequent increases to the income amounts by way of cost-of-living adjustments.

When Benefit Payments End

Benefit payments end on the earliest of the date:

- the Member is no longer Totally Disabled;
- the Member retires from the employer;
- the Benefit Period expires; or
- the Member dies.

Time Limit to Submit a Claim

UES Local 800 must receive proof of claim within 90 days following the last payment from Canada Employment Insurance Commission (CEIC).

Recurrent Disabilities

If a Member who was Totally Disabled and receiving short term disability benefits becomes Totally Disabled again after having returned to work, Blue Cross will consider the recurrent disability to be a continuation of the initial disability if the disability results from:

- the same or related causes within the first 31 days of the Member being Actively at Work; or
- different and unrelated causes and the Member did not fully recover from the first disability and did not return to work for at least a full day before the start of the recurrent disability.

When the recurrent disability is considered to be a continuation of the initial period of Total Disability:

- the Elimination Period will not be applied a second time;
- the benefit amount payable is that which was calculated for the initial period of Total Disability; and
- benefits will only be paid for the balance of the initial Benefit Period.

Total Disability During Periods of Absence

If a Member becomes Totally Disabled during a period of absence from work during which disability coverage has been discontinued, no disability benefit will be payable.

If a Member becomes Totally Disabled during a period of absence from work where disability coverage has been retained and premiums have been paid:

- the Elimination Period will begin on the onset of Total Disability;
- the Benefit Period will be deemed to begin on the expiration of the Elimination Period; and
- benefit payments will begin on the later of the expiry of the Elimination Period or the date the Member was scheduled to return to work.

Rehabilitation Program

If considered appropriate by Blue Cross, Blue Cross may require a Member to participate in a rehabilitation program pre-approved by Blue Cross consisting of:

- medical care, Treatment or diagnostic measures;
- full-time work or part-time work; or
- a vocational assessment, training or re-training program for the purpose of rehabilitation.

When a Member participates in a rehabilitation program while receiving benefits, the following conditions apply:

- the Member's Total Disability will not be considered to have ended simply because they undertook a rehabilitation program;
- if the Member becomes Totally Disabled again while participating in a rehabilitation program, the terms and conditions of this benefit will apply as if the Member had remained Totally Disabled for the full duration of the rehabilitation program;
- the Benefit Period continues despite participation in the rehabilitation program; and
- during the rehabilitation program, weekly benefits will be reduced as necessary to ensure that the Member's total income from all sources does not exceed 100% of the Member's Pre-Disability Salary.

Exclusions and Limitations

1. Benefits are not payable for any Total Disability that results from any of the following causes:
 - a) participation in a criminal act;
 - b) any accident or injury occurring while operating a motor vehicle under the influence of drugs (including marijuana) or with a blood alcohol level in excess of the legal limit in the jurisdiction in which the accident occurred;
 - c) any illness that results from the use of drugs or alcohol, if the Member is not receiving continuing Treatment for the use of these substances;
 - d) medical care or treatment that is performed for cosmetic purposes only, unless it is required as a result of an illness or Accident; or
 - e) insurrection, war (declared or not), the hostile action of the armed forces of any country or participation in any riot or civil commotion.
2. Benefits are not payable during any periods in which the Member:
 - a) receives compensation under a workers' compensation board/commission or any program of a similar nature;
 - b) is eligible for benefits from the Canada Employment Insurance Commission (CEIC) if the Summary of Benefits specifies that this benefit is integrated with CEIC benefit and there is no Supplemental Unemployment Benefit (SUB) coverage;

- c) receives maternity or parental benefits under any federal law or Quebec Parental Insurance Plan or takes maternity or parental leave in accordance with any federal law or Quebec Parental Insurance Plan or any agreement between the Member and the employer, subject to the following exception:
 - a) benefits will be payable during the health-related portion of the maternity leave when required by applicable law or legislation, provided coverage has been retained for the Member. The health-related portion of the maternity leave will be considered to be the normal post-natal recovery period deemed reasonable and appropriate by Blue Cross;
- d) is absent from Canada for any period during which the Canada Employment Insurance Commission (CEIC) benefits would not be payable, unless Blue Cross agrees in writing, in advance, to pay benefits during the period; or
- e) is imprisoned in a correctional facility, community residence or while under house arrest by order of a criminal court.
- f) fails to:
 - b) provide Blue Cross with satisfactory proof of continued Total Disability;
 - c) submit to an independent examination requested by Blue Cross; or
 - d) participate in any reasonable Treatment or rehabilitation program considered appropriate by Blue Cross;
- g) engages in any occupation or employment for wage or profit, other than a rehabilitation program pre-approved by Blue Cross; or
- h) refuses to accept any reasonable offer of modified duties or alternative employment from the employer, provided the modified duties or alternative employment are approved by a Physician.

Elimination Period: The continuous period of time from the date the Member becomes Totally Disabled until the date benefits are payable. This period is specified in the Summary of Benefits.

Afterward, a Member is Totally Disabled if the Member is completely and continuously unable to perform the regular duties of any occupation for which the Member:

- would earn 60% or more of the Member's Pre-Disability Salary; and
- is reasonably qualified or may so become by training, education or experience.

Regular duties refer to those work related activities that are essential to performing a particular occupation.

The loss of a professional or occupational licence or certification does not, in itself, constitute Total Disability.

The availability of work is not considered when assessing the Member's disability.

Payment of Benefits

When Benefit Payments Begin

Benefit payments begin on expiry of the Elimination Period. Blue Cross will pay benefits at monthly intervals for each day a Member is Totally Disabled following expiry of the Elimination Period.

The benefit for each day of Total Disability will be equal to 1/30 of the monthly amount.

Calculation of the Benefit Amount

Blue Cross calculates the monthly benefit amount in accordance with the following 3 step process:

- Step 1. Blue Cross applies the benefit formula specified in the Summary of Benefits to obtain a monthly benefit amount (to the benefit maximum specified in the Summary of Benefits).
- Step 2. Blue Cross subtracts from the monthly benefit amount calculated in Step 1:
- a) any income amounts that are payable to the Member under the Quebec Pension Plan or the Canada Pension Plan; and
 - b) any income amounts that are payable to the Member as a result of the current or a subsequent disability under any of the following:
 - i. any workers' compensation board/commission;
 - ii. any automobile insurance bureau, where permitted by law; and
 - iii. any other federal or provincial law or legislation, excluding the Canada Employment Insurance Commission (CEIC) benefits.
- Step 3. If the amount of long term disability benefit calculated in Step 2 and all the applicable Additional Sources of Income listed below exceed the All Source Maximum specified in the Summary of Benefits, then the long term disability benefit will be further reduced to ensure the total benefits received from all sources does not exceed this percentage.

Additional Sources of Income includes:

- a) any payments from any of the sources specified in Step 2;
- b) any income amounts payable to the Member, as a result of their current or subsequent disability, under one of the following:
 - i. any wage or remuneration payable from any employer;
 - ii. any plan under which the Member is covered as a member of an association; and
- c) any income amounts payable to the Member under any retirement or pension plan funded in whole or in part by the employer.

With respect to the income amounts calculated in Step 2 and Step 3:

- income amounts received for children are not included;
- if it appears to Blue Cross that there are income amounts to which the Member was, is or may be eligible but is not receiving because the Member opted out of, waived, failed to apply for, or terminated receipt of such amounts in whole or in part, Blue Cross may include these amounts in its calculations by estimating the income amounts to which the Member was, is or may be eligible;
- Blue Cross will perform its calculations without including subsequent increases to these income amounts by way of cost-of-living adjustments; and
- if an income amount is paid by lump sum rather than monthly instalments, Blue Cross will include in its calculations the amount obtained by dividing this lump sum by:
 - the number of monthly instalments the lump sum represents, if known to Blue Cross; or
 - 60, if Blue Cross does not know the number of months represented.

When Benefit Payments End

Benefit payments end on the earliest of the date:

- the Member is no longer Totally Disabled;
- the Member fails to:
 - provide Blue Cross with satisfactory proof of continued Total Disability;
 - submit to an independent examination requested by Blue Cross; or
 - participate in any reasonable Treatment or rehabilitation program considered appropriate by Blue Cross;
- the Benefit Period expires;
- the Member engages in any occupation, employment or volunteer work other than a rehabilitation program pre-approved by Blue Cross;

Optional Long Term Disability Benefit

- the Member refuses to accept any reasonable offer of modified duties or alternative employment from the employer; or
- the Member dies.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim within 180 days of the expiry of the Elimination Period.

Recurrent Disabilities

If a Member who was Totally Disabled and receiving long term disability benefits becomes Totally Disabled again after having returned to work, Blue Cross will consider the recurrent disability to be a continuation of the initial disability if the disability results from:

- the same or related causes within the first 31 days of the Member being Actively at Work; or
- different and unrelated causes and the Member did not fully recover from the first disability and did not return to work for at least a full day before the start of the recurrent disability.

When the recurrent disability is considered to be a continuation of the initial period of Total Disability:

- the Elimination Period will not be applied a second time;
- the benefit amount payable is that which was calculated for the initial period of Total Disability; and
- benefits will only be paid for the balance of the initial Benefit Period.

Total Disability During Periods of Absence

If a Member becomes Totally Disabled during a period of absence from work where disability coverage has been discontinued, no disability benefit will be payable.

If a Member becomes Totally Disabled during a period of absence from work during which disability coverage has been retained and premiums have been paid:

- the Elimination Period will begin on the onset of Total Disability;
- the Benefit Period will be deemed to begin on expiry of the Elimination Period; and
- benefit payments will begin on the later of the expiry of the Elimination Period or the date the Member was scheduled to return to work.

Rehabilitation Program

If considered appropriate by Blue Cross, Blue Cross may require a Member to participate in a rehabilitation program pre-approved by Blue Cross consisting of:

- medical care, Treatment or diagnostic measures;
- full-time work, part-time work or volunteer work whether or not wages or remuneration are received for such work; or
- a vocational assessment, training or re-training program for the purpose of rehabilitation.

When a Member participates in a rehabilitation program while receiving benefits, the following conditions apply:

- the Member's Total Disability will not be considered to have ended simply because they undertook a rehabilitation program;
- if the Member becomes Totally Disabled again while participating in a rehabilitation program, the terms and conditions of this benefit will apply as if the Member had remained Totally Disabled for the full duration of the rehabilitation program;
- the Benefit Period continues despite participation in the rehabilitation program; and
- during the rehabilitation program, monthly benefits will be reduced by 50% of the remuneration received by the Member from such a program and will further be reduced as necessary to ensure that the Member's total income from all sources does not exceed 100% of the Member's Pre-Disability Salary.

Exclusions and Limitations

1. Benefits are not payable for any Total Disability that results, directly or indirectly, from any of the following causes:
 - a) participation in a criminal act or an attempt to commit a criminal act, regardless of whether charges are laid or a conviction is obtained;
 - b) any accident or injury occurring while operating a motor vehicle under the influence of drugs (including marijuana) or with a blood alcohol level in excess of the legal limit in the jurisdiction in which the accident occurred;
 - c) any illness that results from the use of drugs or alcohol, if a Member is not receiving continuing Treatment for the use of these substances;
 - d) medical care or treatment that is not Medically Necessary or that is performed for cosmetic purposes only; or
 - e) insurrection, war (declared or not), the hostile action of the armed forces of any country or participation in any riot or civil commotion.
2. Benefits are not payable during any periods in which the Member:
 - a) receives maternity or parental benefits under any provincial or federal law or takes maternity or parental leave in accordance with any provincial or federal law or any agreement between the Member and the employer, subject to the following exception:
 - benefits will be payable during the health-related portion of the maternity leave when required by applicable law or legislation, provided coverage has been continued for the Member. The health-related portion of the maternity leave will be considered to be the normal post-natal recovery period deemed reasonable and appropriate by Blue Cross;
 - b) is absent from Canada for any reason, unless Blue Cross agrees in writing, in advance, to pay benefits during the period; or
 - c) is imprisoned in a correctional facility or community residence or while under house arrest by order of a criminal court.

Pre-Existing Conditions

A Pre-Existing Condition is any diagnosed or undiagnosed illness or injury for which, during the 3 months immediately before the Member's effective date of coverage (under this policy or a Previous Policy), the Member has:

- had a medical consultation;
- been prescribed or taken medication; or
- received treatment, including diagnostic measures.

Long term disability benefits are not payable if Total Disability results from a Pre-Existing Condition unless Total Disability begins after the Member has been covered for long term disability benefits (under this policy or a Previous Policy) for at least 12 consecutive months.

You must complete the patient section of the form, have your physician complete and sign the remaining portion and mail your completed form to the nearest Blue Cross office.

Your request will be confidentially reviewed by a health care professional according to the payment criteria established. When all the required information is received by Blue Cross, the standard turn-around time for Prior Authorization decisions is 7 to 10 working days.

You will receive confirmation in writing regarding the decision on your Prior Authorization request. If your request is approved, this confirmation will include the effective date and duration of your approval.

Plan Management Features

Substitution Provision

If the Summary of Benefits specifies Substitution Provision applies and an Interchangeable Drug has been prescribed, Blue Cross will reimburse to the lowest ingredient cost Interchangeable Drug. In the case of biologic drugs, Blue Cross reserves the right to reimburse to a less expensive biosimilar drug.

Participants may request a higher cost Interchangeable Drug; however, they will be responsible for paying the difference in cost between the Interchangeable Drugs.

Mandatory Generic Substitution:

Regardless of whether the Participant's physician indicates the prescribed Interchangeable Drug cannot be substituted, Blue Cross will only reimburse to the lowest ingredient cost Interchangeable Drug.

For Participants with an adverse reaction to the Interchangeable Drug dispensed, Blue Cross will consider reimbursement to another Interchangeable Drug on a case by case basis only through the Prior Authorization process.

Opioid Management

If the Summary of Benefits specifies that opioid management applies, certain Eligible Drugs will not be eligible for reimbursement, and other Eligible Drugs may require Prior Authorization. Opioid management ensures Participants are reimbursed for drugs with the best clinical evidence for pain management while managing the potential for overuse or misuse.

Payment of Claims

How Payments are Made

The Summary of Benefits specifies the Method of Payment that applies to Participants under the group policy.

Pay Direct: At the time of purchase, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility. The Participant will pay the Approved Provider only the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

If the Participant submits to Blue Cross a paid-in-full prescription drug receipt, despite the fact pay direct was offered, Blue Cross will only reimburse the amount that would have been paid to the Approved Provider if the claim had been submitted electronically.

Time Limit to Submit a Claim

Blue Cross must receive proof of claim within 12 months of the date the Eligible Expense was incurred.

Exclusions and Limitations

Unless otherwise specified in the Summary of Benefits, expenses associated with the following categories of drugs or services are not eligible for reimbursement, even when prescribed:

- a) smoking cessation aids;
- b) vaccines;
- c) injectable and oral vitamins;
- d) treatments for weight management, including drugs, proteins and food or dietary supplements;

Helpful Tip

Helpful Tip

If you have a Pay Direct plan, always have your drugs submitted electronically via the Approved Provider. This will ensure you don't end up paying more out-of-pocket than you should.

Right to Convert to Individual Coverage

A Participant who is not a Quebec Participant and who is no longer eligible under this benefit may convert their group coverage to a similar individual drug plan provided by Blue Cross.

Individual policies issued under this conversion option are subject to the terms and conditions specified in the *Right to Convert to Individual Coverage* found under the *Coverage Details* of this booklet.

Quebec Participants who are no longer eligible for drug benefit coverage cannot convert their group drug coverage to an individual plan. The group policy must be administered in accordance with the *Act Respecting Prescription Drug Insurance* ("the Act") for Quebec Participants, including the Act's provisions about maximum coinsurance, out-of-pocket maximums, eligible drugs, exception drugs and eligible pharmacy services.

Under no circumstances will the *Exclusions and Limitations* provision of this benefit render drug benefit coverage for Quebec Participants less generous than the basic prescription drug insurance plan established by the Act.

Out-of-pocket Maximum per Calendar Year

If, in any calendar year, a Member spends more than the maximum contribution amount established by the RAMQ on drugs that are covered under the RAMQ's public drug plan for themselves or their Dependent Children, the amounts in excess of the maximum contribution amount will be reimbursed by Blue Cross at a rate of 100% until the end of that calendar year. The contribution amount includes the Deductible, amounts in excess of the reimbursement level or co-payment, if applicable.

Payment of Claims

Certain Approved Providers may offer a pay direct arrangement. In such circumstances, the Approved Provider will submit the Participant's claim to Blue Cross electronically to verify eligibility at the time of purchase and the Participant will only pay the Approved Provider the portion of the claim that is not covered by this benefit. Blue Cross will reimburse the balance of the claim to the Approved Provider directly.

How Eligible Expenses are Calculated

Reimbursement of an Eligible Expense is calculated as follows:

- Step 1. Blue Cross will apply any applicable Usual, Customary and Reasonable limits. The Eligible Expense will be equal to the lesser of the actual expense and the Usual, Customary and Reasonable charges for the service or supply;
- Step 2. Blue Cross will subtract the Deductible (if any);
- Step 3. the Reimbursement Level percentage will be applied to the remainder of the Eligible Expense;

What Are My Responsibilities Under the Policy?

Keeping Your Union Informed

It is your responsibility to provide your union with accurate information on your family status, as well as your beneficiary designations.

Beneficiary Designations

Unless otherwise designated, all benefits are payable to you.

Death Benefits

Benefits payable as a result of your death will be paid to your last designated beneficiary or beneficiaries.

Subject to the provisions of the law, the beneficiary is the person you have designated on your group benefits application. You may change your beneficiary by submitting a signed declaration to the union.

If you designate 2 or more beneficiaries (other than alternatively) without any specification as to how the death benefit will be divided, the benefit payable will be divided equally among the designated beneficiaries.

If your beneficiary predeceases you, you must designate a new beneficiary.

If you die and a beneficiary has not been named, the death benefit will be payable to your estate.

Designations made under a previous group insurance policy

Any beneficiary designation made under your previous group policy has been carried forward to this group policy. You should review the existing designation to ensure it reflects your current intentions.

Providing Proof of Claim

You must submit your claims for Eligible Expenses and benefits within applicable time limitations. Proof of claim must be provided in a form acceptable to Blue Cross.

Blue Cross must approve your proof of claim and may require you to provide additional information and undergo a medical examination by a physician or Health Practitioner as often as deemed necessary. Blue Cross reserves the right to suspend or deny a claim until you have submitted the additional information requested to process the claim.

Costs associated with providing proof of claim are your responsibility.

Submitting Claims After Your Group Policy Terminates

If the group policy has terminated, you must submit proof of claim to Blue Cross:

- for disability benefits, **within 6 months** of the onset of disability or the time limit specified by applicable provincial legislation, whichever period is longer;
- for accidental death and dismemberment benefits or accidental damage to natural teeth, **within 6 months** following the termination date of this group policy; or
- **within 90 days** following the termination date of this group policy for all other benefits.

Helpful Tip

It is very important to maintain up-to-date beneficiary designations.

When insurance money is paid to the estate, it may be subject to creditor claims and estate taxes.

However, when a beneficiary is named, this person receives the entire benefit tax free, regardless of what debts may be owed by the deceased.

You can change your beneficiary by contacting UES Local 800 at 514-385-1717 ext. 399.

Helpful Tip

Your proof of claim must be submitted in either English or French. If the original proof of claim is in a language other than English or French, you are responsible for any costs associated with translating your proof of claim.

Recovering Damages From a Third Party (Subrogation)

If you have the right to file legal action against a third party (individual or corporate body) for a loss relating to any claim submitted under this group benefits plan, Blue Cross is entitled to acquire your rights for recovering damages for any portion of the loss that has been paid by Blue Cross.

You must sign and return the necessary documents to facilitate this process and you must do everything that is required of you to protect your rights to recover damages from the third party.

Reporting Health Insurance Fraud

Health insurance fraud is the intentional act of submitting false, deceiving or misleading information for the purpose of financial gain.

Whether committed on a small or large scale, fraud can lead to significant financial losses to the benefit plan and result in higher premiums and decreased coverage. Blue Cross is committed to protecting the integrity of our benefit programs for our policyholders and members by monitoring and resolving any abusive or fraudulent activity.

How You Can Help

As a group plan member, you can help eliminate fraudulent abuse of your plan:

- keep your identification card, policy number, member identification number and related information confidential and secure;
- carefully review your receipts for products and services claimed to ensure:
 - you understand the charges billed; and
 - the charges reflect the services received.

If you are unclear about any of the charges on your receipt, ask your provider to explain the charges to you:

- carefully review your Explanation of Benefits claim statements (EOB) for any discrepancies in services received compared to services claimed;
- never sign a blank claim form;
- from time to time, we send member verification questionnaires to confirm treatments and other related information. If you receive one of these questionnaires, please complete it and return it promptly. These questionnaires are essential to our fraud deterrence efforts.
